

# GANUSHA ERANDA

IT Support Engineer

ganush411@gmail.com | +94 771303922 | Sri Lankan | Unmarried | Open to relocation – Dubai, UAE

## PROFILE

IT Support & Systems Engineer with 4+ years' experience delivering technical support, systems administration, and IT service management across multi-user enterprise environments. Skilled in diagnosing and resolving hardware, software, network, and application issues, implementing ITIL-aligned processes, and maintaining clear technical documentation. A fast learner who quickly adapts to new tools, platforms, and technical environments, with a particular interest in networking and IT infrastructure. ITIL 4 and IBM Cybersecurity Fundamentals certified, with a strong record of improving system reliability and reducing incident resolution times.

## TECHNICAL SKILLS

- IT Service Management:** ITIL 4-aligned processes, incident & problem resolution, root cause analysis, technical documentation, SLA-driven support
- Systems & Security:** Enterprise system monitoring, IT infrastructure maintenance, cybersecurity fundamentals (IBM), user access & compliance support
- CMS & E-commerce Platforms:** WordPress (site administration & SEO optimization), Shopify (store setup & maintenance)
- Business & Productivity Tools:** Zoho (Invoice & workflow maintenance), Microsoft Office Suite
- Databases & Web:** MySQL, phpMyAdmin, Apache
- Development Tools:** Git, GitHub, PHP, JavaScript, React.js, Node.js, REST APIs

## PROFESSIONAL EXPERIENCE

- IT Systems & Operations Specialist** | Search Advance Technology (Pvt) Ltd., Nugegoda, Sri Lanka **2021 – 2022**
- Managed and maintained enterprise IT systems for 100+ users, ensuring high availability, security, and compliance through proactive monitoring.
  - Implemented ITSM frameworks that improved system reliability by 20% and cut incident resolution times by 10%.
  - Authored IT process and troubleshooting documentation that reduced knowledge-transfer time by 25%.
  - Delivered end-user technical support across hardware, software, and systems issues, consistently achieving high satisfaction scores.
- Associate Software Engineer** | Modernmark Development (Multinational), Colombo, Sri Lanka **2024 – 2025**
- Diagnosed and resolved complex software bugs and system anomalies, improving application reliability by ~15% through root cause analysis.
  - Used Git for version control and took part in code reviews within a globally distributed support/engineering team.
- UI/UX Designer** | Mylife International (Pvt) Ltd., Colombo, Sri Lanka **2019 – 2020**
- Designed user-facing wireframes and mockups, applying attention to detail later carried into systems documentation and end-user support.

## CERTIFICATIONS

- ITIL 4 Foundation Certificate in IT Service Management – Alison University, Ireland (Sept 2025)
- Cybersecurity Fundamentals – IBM, Score: A+ (Mar 2025)
- Diploma in Risk Management – Alison University, Ireland (Sept 2025)

## EDUCATION

- Bachelor of Information Technology (Hons), Software Engineering – ESU, Colombo, Sri Lanka **2021**
- Higher Diploma in Information Technology, Software Engineering – Pearson University **2018**

## CORE STRENGTHS

- Fast learner – quickly picks up new systems, platforms, and tools, and adapts to fast-paced technical environments with minimal ramp-up time.
- Multi-platform versatility – comfortable moving between IT support, CMS/e-commerce administration, and business tool maintenance (Zoho, WordPress, Shopify).
- Clear communicator – able to explain technical issues simply to end-users and coordinate effectively with customers and technical teams alike.

## LANGUAGES

English (Fluent) | Sinhala (Native)
